

Emily Woods Wellness LLC - Sales Copy for an Opt-in aimed at building an email list for lead generation

Your chilliest, most profitable online service launch (or your first!) is LOADING...

Y'all I've officially done it - I talk so much about how lifechanging online income is + how each of YOU has skills worth selling online that I needed to build a roadmap to teach y'all how to take the leap into online monetization (for FREE) -

I discovered in my own 7-figure business that you will close more sales than ever before when you are relaxed, confident, and EDUCATED in your strategy.

I also realized that I was not willing to give up my inner peace in order to have a profitable launch in my business- so I got to work on a launching strategy that would allow me to travel,

Spend uninhibited time with my family and friends,

And experience more peace and joy WHILE I was selling out faster than I ever had - and I'm so excited because this week this exact strategy can be yours, free of charge

My comprehensive 30+ page ebook the Lax Launch roadmap is now live with every detail of my strategy for creating the chilliest, most profitable launch of your first online service.
